

# Meridian for Dept. of Corrections

Promote public safety by putting training & development at the center of the employee experience.

## Quick info sheet for Corrections agencies

With the help of The Meridian LMS, corrections facilities can provide valuable learning experiences that empower the agency and its partners to maximize performance, acquire and maintain subject matter expertise, and achieve their full potential to face workplace difficulties with professionalism and confidence.

### Common Challenges

- Higher rates of employee turnover due to retiring workforce
- Recruiting and retention concerns
- Need for sensitivity training around Diversity Equity and Inclusion concerns, as well as assault and violence
- Multiple departments with varying training or learning & development needs
- Low employee engagement/ low employee satisfaction with L&D opportunities

### Robust Solutions

- Adhere to even the most stringent government security requirements
- Hybrid learning capabilities
- Scalable, trackable training for internal employees and external contractors and learners
- Highly detailed, legally defensible training records
- Deliver and track training to assure compliance
- 508 Compliance

### The future of correctional facilities

Meridian recognizes that staff development and leadership training are critical for both individual and agency success. Managers and staff in specialty disciplines face complex challenges in today's environment. It's the goal of The Meridian LMS to provide training and staff development opportunities that will enable them to become confident and professional
