

Meridian LMS for Federal Agencies

Providing a centralized platform for training and development, managing compliance, and ensuring data security.

The Meridian LMS empowers federal agencies by streamlining onboarding, enabling strategic personnel management, ensuring compliance, maintaining essential services, and enhancing citizen engagement. Our robust capabilities address the core needs of the public sector, driving efficiency, effectiveness, and improved outcomes.

Accessible Learning Environment

Complies with Web Content Accessibility Guidelines (WCAG) 2.0 Level A and AA and Section 508 standards. Our certified staff regularly audits our software to ensure compliance with accessibility requirements.

Actionable Insights and Reporting

Gain comprehensive visibility into your organization's learning initiatives with compliance dashboards and robust reporting, enabling informed decision-making.

Compliance with Core Federal Requirements

Address essential Federal requirements, including SF-182 workflow, CAC/PIV cards, and EHRI integration with Meridian's comprehensive LMS solution.

Secure Learning for External Stakeholders

Federal agencies delivering learning to external contractors, partners, and citizens can rely on Meridian's LMS to protect sensitive data and personal information.

Flexible Deployment Options

Meridian is the only LMS vendor trusted by large commercial and government organizations, offering on-premise, private cloud, and multi-tenant public cloud deployment options.

Collaborative Partnership Approach

Our customers are assigned a dedicated Account Manager who works closely with your team throughout every stage of your implementation and integration to ensure your success.

Robust Security Measures

Meridian adheres to the highest government security standards, ensuring compliance with FISMA and maintaining a FedRAMP-compliant infrastructure.

Expertise in Government Solutions

With a strong track record of successful implementations in the public sector, Meridian specializes in helping Federal agencies align learning with organizational goals and address skills gaps.
