

# MERIDIAN LMS COLLABORATION SPACES

## EMPOWER TEAMS TO COLLABORATE, SHARE INSIGHTS, AND LEARN TOGETHER IN A SECURE ENVIRONMENT

Collaboration in Meridian LMS provides organizations with the tools needed to increase engagement by enabling learners to interact through discussion forums.

This feature fosters peer-to-peer learning and instructor-led dialogue, creating a dynamic and inclusive learning environment.

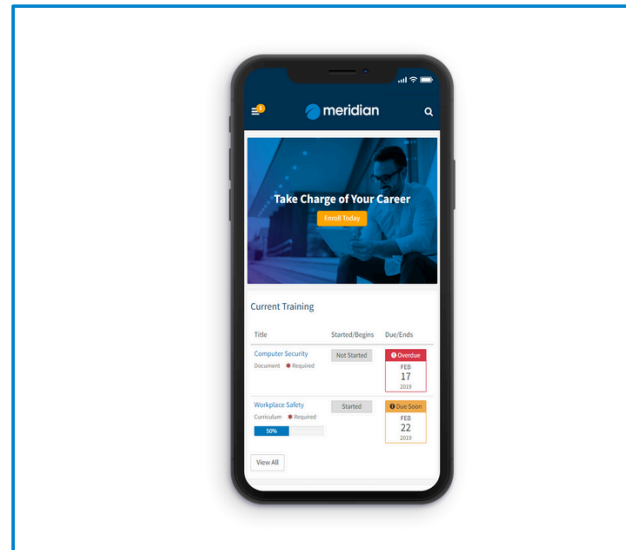

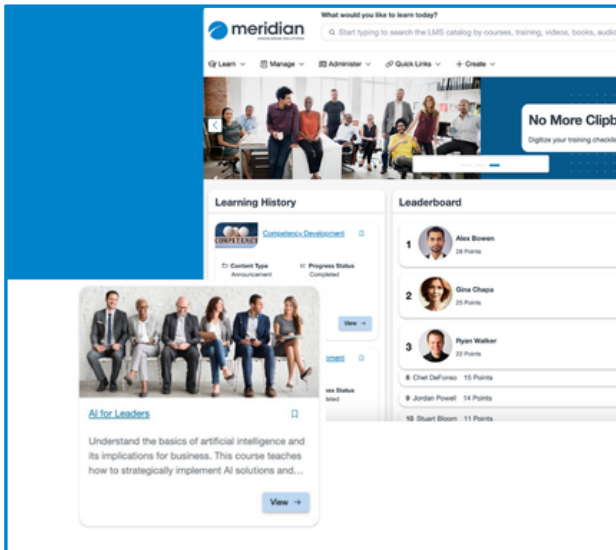

### KEY FEATURES

- Secure discussion boards and knowledge hubs
- Access restricted by enrollment
- Upload resources and templates for collaboration
- Enable peer learning and engagement

## IDEAL USE CASES

- Drive engagement through learning communities with or without moderators
- Support knowledge sharing across the organization

## WHY MERIDIAN?

Supports building a connected and informed workforce. Meridian LMS empowers organizations to foster engagement through moderated discussion boards and knowledge hubs. Learners can share resources, contribute to threaded conversations, and engage in peer learning—all within a protected environment tied to course enrollment.
