

MERIDIAN LMS GOVERNMENT COLLABORATION SPACES

FOSTER SECURE KNOWLEDGE SHARING AND PEER LEARNING ACROSS DEPARTMENTS AND AGENCIES

Collaboration in Meridian LMS provides government agencies with the tools needed to increase engagement by enabling learners to interact through discussion forums.

This feature fosters peer-to-peer learning and instructor-led dialogue, creating a dynamic and inclusive learning environment.

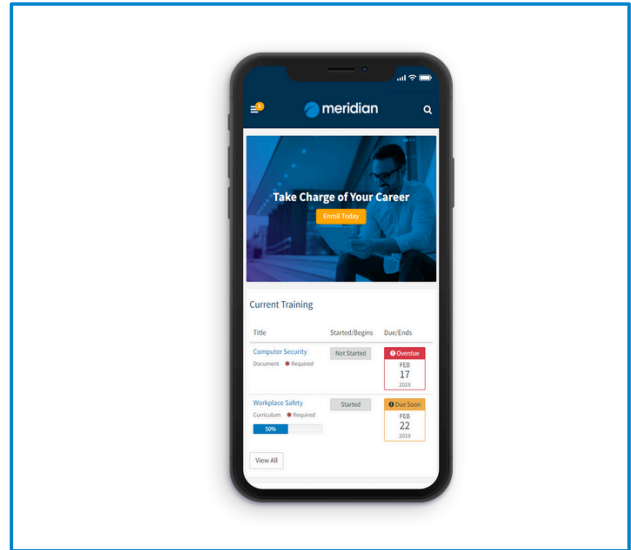

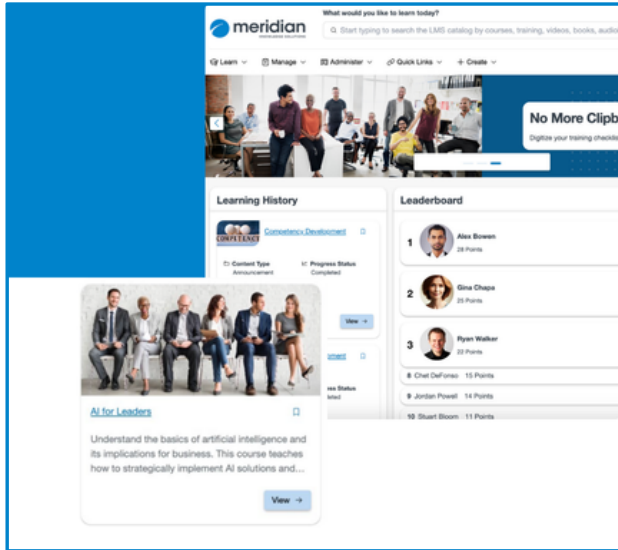

KEY FEATURES

- Secure discussion boards and knowledge hubs
- Access restricted by enrollment
- Upload resources and templates for collaboration
- Enable peer learning and engagement

IDEAL USE CASES

- Enable secure knowledge sharing across agencies
- Host training resource centers for municipalities
- Encourage best practice exchange
- Create communities of practice with or without moderators

WHY MERIDIAN?

Supports building a connected and informed workforce. Meridian LMS empowers government agencies to foster engagement through moderated discussion boards and knowledge hubs. Learners can share resources, contribute to threaded conversations, and engage in peer learning—all within a protected environment tied to course enrollment.
