

MERIDIAN LMS FOR GOVERNMENT COMPETENCY & SKILLS TRACKING

TRACK WORKFORCE SKILLS TO ALIGN DEVELOPMENT PLANS WITH COMPLIANCE AND PUBLIC SERVICE NEEDS

Competency & Skills Tracking in Meridian LMS provides government agencies with the tools needed to ensure employees have the skills or competencies necessary for now and in the future.

KEY FEATURES

- Manage competency training for core competencies and position-specific competencies
- Assess skills via quizzes, on-the-job training, or observations
- Generate competency development reports
- Support internal development progression or public credentials

IDEAL USE CASES

- Track position qualifications for any role
- Support civil service professional advancement
- Measure skill growth across and within departments
- Create development plans and track progress

WHY MERIDIAN?

Government agencies face increasing pressure to ensure workforce readiness, compliance, and career mobility across diverse roles and departments. Aligning training with core competencies ensures employees gain the skills needed for individual and organization success.
