MERIDIAN LMS USER MANAGEMENT & ROLES

SIMPLIFY ACCOUNT MANAGEMENT AND ENSURE THE RIGHT USERS HAVE THE RIGHT ACCESS AT THE RIGHT TIME

User Management & Roles in Meridian LMS provides commercial organizations with the tools needed to manage and scale their training programs securely and effectively.

This feature supports operational efficiency and ensures users have the relevant LMS permissions.

KEY FEATURES

- Bulk import, export, and user provisioning tools
- Define custom roles with specific permissions
- Map users to organizations and groups
- Support for employees, contractors, and seasonal staff

- Support for work location (remote, in office) or work status (full-time, part-time, and contractors)
- Manage content access for employees, contractors, seasonal, or volunteer workers
- Assign restricted access for non-employees such as contractors
- Automate data synchronization via HR data integration

WHY MERIDIAN?

Drives operational efficiency, scalability, and measurable results across teams, partners, and customers in fast-moving industries.
