Built for Complex Learning Programs

Meridian combines flexibility, security, reporting, support, and a connected partner ecosystem to help organizations deliver high-impact learning at scale.

Secure & compliant

FedRAMP® 20x C and TX-RAMP Level 2 credentials support regulated learning needs.

Deployment flexibility

Choose SaaS, private cloud, or on-premises based on requirements.

Powerful reporting

Dashboards, audit-ready records, certifications, and due-date visibility.

Extended enterprise training

Train employees, partners, customers, citizens, and contractors.

Integrations & open API

Connect HRIS, CRM, virtual classrooms, and other systems.

Accessible for all

Support inclusive learner experiences aligned to accessibility needs.

Implementation & support

Experienced teams, proven methodology, and ongoing guidance.

Partner ecosystem

Content, technology, accessibility, service, and eCommerce partners extend value.

Trusted across markets

Federal agencies

State & local government

Commercial organizations

Associations & nonprofits
